

# Crossing Tales

Down:

1. A peculiar (and slightly grotesque) tale about a man with oddly colored facial hair
2. Poor sleep befell this princess due to a small issue
3. A Czech tale about a band of siblings
4. Also known as "mirror, mirror"

5. This one you already know, for it's origin has already been revealed

Across:

3. Another tale of facial hair, though this one much less grotesque than the first.
6. Two flowers beautiful in bloom
7. Four fairies, but one is not like the others
